

INTRODUCTION

Faisalabad Institute of Cardiology, Faisalabad was inaugurated on Tuesday 13th November 2007. This institute is Tertiary level specialized autonomous institution for cardiac diseases. It consists of 202 beds. The institute is functioning under the provision of Punjab Medical and Health Institute ACT-2003 and rules made their under. It is situated at Club Road, opposite Chenab Club, Faisalabad.

The Hospital is providing services to Cardiac patients of District Faisalabad and its adjacent Districts like Sargodha, Toba Tek Singh, Jhang, Chiniot and beyond areas.

The *objectives* of this Tertiary care Cardiac Center are as under:

1. To provide the best possible cardiac diagnostic and treatment facilities to the people of Faisalabad and adjoining areas.
2. Improve Cardiac Health care facilities in this region.
3. Provide facilities of highly specialized nature of Cardiac Care.
4. Act as a referral center for the central Punjab and adjacent areas.
5. Train medical, paramedical personnel and nurses to improve capacity building in this field.
6. Provide research facilities in cardiology and cardiac surgery.
7. Become a center of initiating public health awareness programs to prevent cardiac diseases.
8. Provide training in all Cardiac specialties to medical graduates.
9. Attract patients and research workers for advanced and specialized training and research work.

AREA

The Honorable Chief Minister Punjab during his visit on 01.11.2009 very kindly allocated 67 Kanals of land of old DIG House for establishment of residential colony for the staff of this institute.

Hospital

Total Land Area allocate for Faisalabad Institute of Cardiology is as.

Main Building	11.57 Acre
Residential	67 Kanals
Total covered area	228525 Sq.ft

Hostels	
Doctors Hostel	40671 Sq.ft.
Nursing Hostel	32801 Sq.ft

Main Building

The main building of Faisalabad Institute of Cardiology, Faisalabad consists of.

Basement:

- Stores
- HAVC
- Lt/Ht (Electric Steps)
- Compressor Room (Control Gas Supply)

Ground Floor consists of:

- Emergency Department
- Out Patient Department
- Pathology Department
- Radiology Department
- Angiography Department
- Nuclear Cardiology Department.
- Echo. Department
- ETT Department
- ECG Department
- Social Welfare
- Blood Bank
- CCUs
- Pharmacy
- Stores
- Admission and Discharge Cell
- Record Room
- Receptions
- Canteen

1st Floor consists of:

- Administration Block
- Operation Theaters
- ICU
- IICU
- Paeds ICU
- Isolation Ward
- Pre-Operative Ward
- Post-Operative Ward
- CSSD
- Library
- Conference Room
- Auditorium
- IT Department
- Telephone Exchange
- CCTV Control Room

2nd Floor consists of:

- Cardiac Surgery General Ward
- Cardiac surgery Private Ward

3rd Floor consists of:

- Cardiology General Ward
- Cardiology Private Ward

Pathology Department

The Department of Pathology started functioning in August 2008. Total number of tests performed up to 31st December, 2016 is as follow

Year	2011	2012	2013	2014	2015	2016
No. of Tests Performed	301364	432971	427471	438805	461442	462910

Following is brief description of functioning of the pathology department of the hospital.

Department of pathology is running with four sections (Hematology, Clinical Chemistry, Microbiology and Computer section).All sections are working with a supervisor and a section incharge. Emergency section is being improved for which the demand for additional equipments and necessary staff has been submitted.

Following equipments are working in the related sections

Hematology

- Sysmax-KX21 Swelab Alpha
- Medonic M20 Abacus5, Humased 20 (5units)

Electrolyte Analyzer

- Easylite (Meditec)
- Humalyte plus

Blood Gas Analyzer

- Cobas b121 (Roche – 4 units)
- Easy state (Meditec-2 units)

Routine Chemistry Analyzer

- Olympus AU400
- Hitachi 902

Special Chemistry Analyzer

- Elecsys 2010

Coagulation Analyzer

- Sysmax CA500 (Fully Automated)
- Haemaclot (Semi Automated)

Pathology department is also providing internship training to B.Sc Honors students in Microbiology and for it, is affiliated with the following universities/Colleges are

1. University of Agriculture Faisalabad
2. Govt. College University Faisalabad
3. Faisalabad Medical College Faisalabad

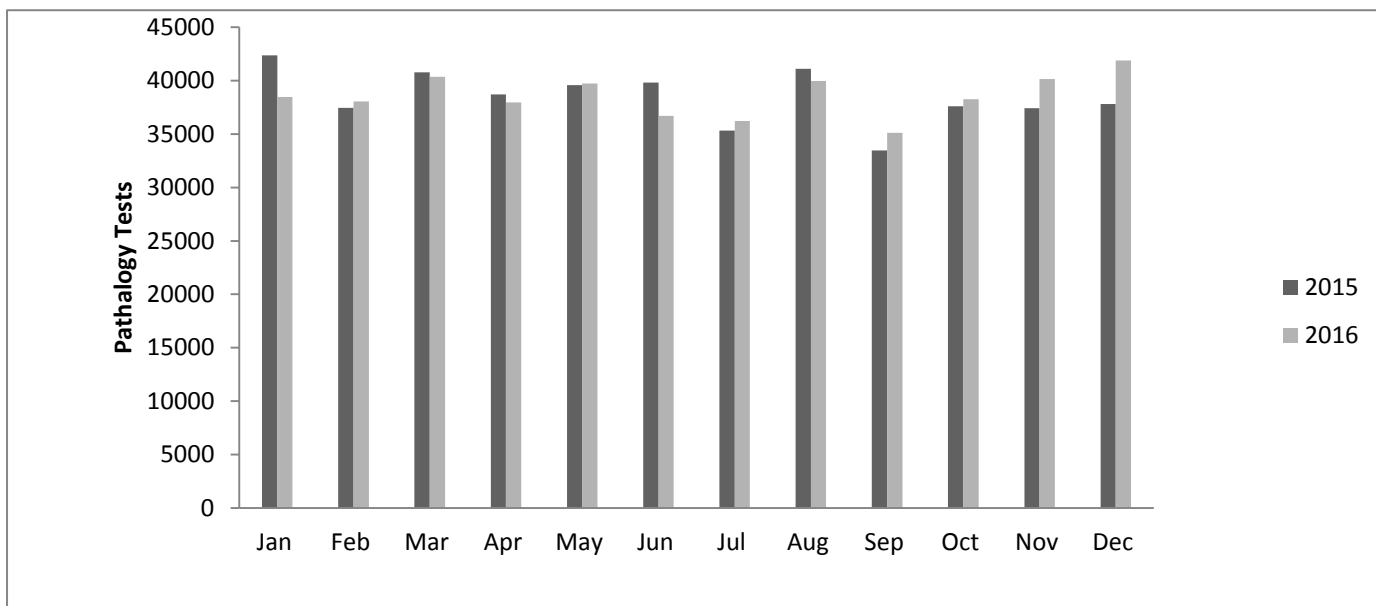

Future Plan:

- In the coming year all sections of Lab will be upgraded.
- Academic activities for technical education of paramedical staff regarding techniques, quality control and background knowledge would be started.
- Molecular genetics (PCRs, Cytogenetic) is to be started.
- ISO15189 Lab accreditation is to be achieved.
- Intradepartmental Lectures of Doctors & Paramedics are to be started.
- Old machines (Hitachi 902, Elesys 2000) are to be discontinued due to arrival of new machines.
- A new automated coagulation analyzer would be acquired.
- Samples of private patients of FIC and from other hospitals will be collected in coming year.
- Hospital administration would be requested to make an out-door collection point of pathology Department at hospital entrance.

FUTURE PLANE

- To make the department online with wards/emergency and ICU
- To start value added services like aphasias to provide platelet mega unit, Plasma exchange and RBC exchange
- To open its services for public on private basis
- To continue training and education of staff working in the department

NUCLEAR CARDIOLOGY DEPARTMENT

Nuclear Cardiology Department started work in August 2011. The Nuclear Cardiology department offers a wide spectrum of non-invasive tests for diagnostic and prognostic evaluation of patients with cardiovascular disease.

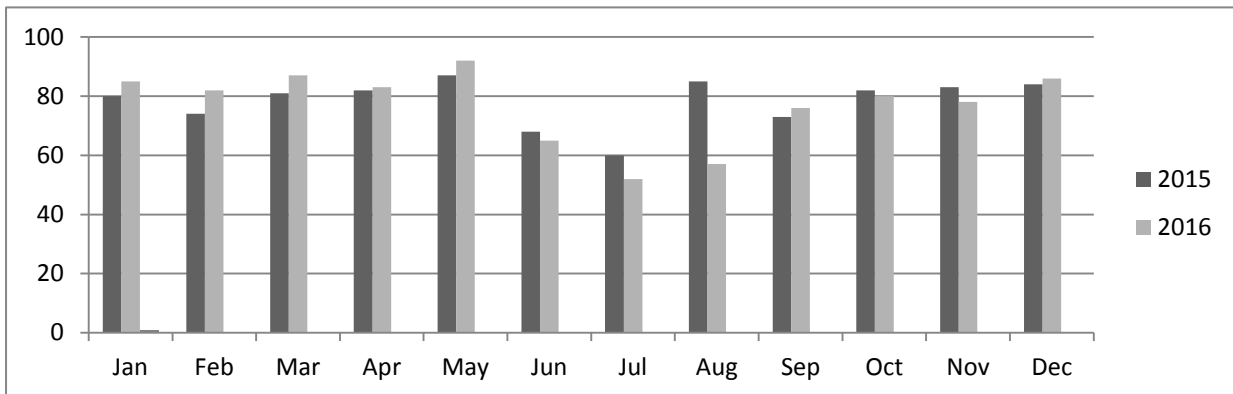

The department performs myocardial perfusion scans, using both physical and pharmacological stress techniques. Tc-99m MIBI are used for myocardial perfusion imaging (MPI). We perform stress and resting nuclear imaging for evaluation of coronary blood flow, myocardial function, and myocardial viability in patients with coronary artery disease and other cardiac conditions

The department is equipped with a state of the art dual head dedicated cardiac SPECT Gamma camera system (Cardio MD III), which has been installed.

STATISTICS DEPARTMENT

- Statistics Department is started its working in December 2009. Update all indoor outdoor patients' record, collects data from various wards/departments analysis and generate daily, monthly, and annual progress reports, which are helpful in budgeting, management, planning and useful for researchers and medical graduates.

INFORMATION TECHNOLOGY DEPARTMENT

I.T Department of Faisalabad Institute of Cardiology, Faisalabad started its working in May, 2009. The following department's data has been computerized through proper software and database system.

- OPD Registration (New & old patient Records)
- Pathology Lab (All test results are being recorded and reports are generated)
- Account (Payroll module for salary generation)
- Purchase Cell Module (Supply orders, Rate Contracts, Budget Status etc)
- Material Management (Medicine/pharmacy)
- Material Management (General Store)
- Computerization of Patient Category & Cardiac Status (Socio-Economic Status)
- Computerization of OPD Pharmacy (Slips Feeding, Auto Slip generation of Repeat patients, stock Status)
- Computerization of Duty Rosters of Grade-1 to 5
- Computerization of Record Room/SO office Data (Bed Statement, Files In/Out Patients Record)
- Computerization of Diagnostic Module for Echo, ETT, Angiography, Radiology
- Computerization of Indoor Management System (Currently implemented in Emergency Ward)
- Computerization of OT notes
- Computerization of Billing System.
- Computerization of Appointment Module for Invasive and Interventional Procedures
- For Pathology, Radiology, Department we have made online facility to the following departments stepping forwarding towards paper less environment
Emergency, ICU, IICU, CCU-I, CCU-II, Cardiology, Cardiac Surgery, Lab, ICU Online X-Rays
- Attendance & Time Management System

Purchase Cell

The Purchase cell is working in this institute under the Additional Medical Superintendent (Purchase). All the Electro medical equipments, machineries, furniture, medicines etc. are being purchased through this cell according to Government Policy.

On Panel Departments:

The following departments are on the penal of FIC Faisalabad

1. Pakistan Telecommunication Company Limited (PTCL)
2. Sui Northern Gas Pipelines Limited (SNGPL)
3. National Institute for Biotechnology and Genetic Engineering (NIBGE)
4. National Institute of Agricultural Botany (NIAB)
5. Punjab Institute of Nuclear Medicine (PINUM)
6. Pakistan International Airlines (PIA)
7. Faisalabad Electric Supply Company (FESCO)
8. Civil Aviation Authority (CAA)
9. State Life
10. Prime Minister National Health Program

Educational Programs:

The institute has started post graduate training program to enhance the capacity building and specialists training for medical officers in field of Cardiology/Cardiac Surgery.

The training program /training run under the institution.

- M.D, Cardiology
- M.S, Cardiac Surgery
- Post graduate Training FCPS
- Dip Card
- B.Sc. Perfusionist

The Institution provided the training BLS and also the community oriented lectures for people orientation regarding the Heart Disease.

Achievements

- Registered with Pakistan Medical and Dental Council
- Affiliated with University of Health Sciences Lahore
- Affiliated with College of Physicians and Surgeon Pakistan
- Accredited By PHC (Punjab Health care commission)
- FIC along with its diagnostic and therapeutic facilities is stepping forward to reduce the incidence of cardiac diseases through awareness regarding risk factors and changing the life style of the peoples through its *Continuous Medical Education Programs (CME)*
- Research facilities in field of Cardiology and Cardiac Surgery
- Training the post graduates doctors in all cardiac specialties
- Training facilities for nurses and paramedics, have started *Basic Life Support program (BLS)*
- Approved PC - 1 For Staff (16 residences) Type C.
- Approved fund for three Echocardiography Machines
- Queue Management System in OPD Departments
- Biometric attendance system for employees.
- Approval of PC-1 for an Angiography Machine.
- Completion of expansion of Emergency Department
- New Academic Block
- Start the model Pharmacy
- Revamping of old Emergency
- Appreciation to Executive Director, FIC, Faisalabad from Honorable Chief Minister of the Punjab for purchasing of Stunts under the rules & Regulations.

Future Plans

- To fulfill deficient staff is specially specialists.
- Approval of PC-I for Staff Residences and Doctors, Nursing Hostel (Block-B).
- Approval of PC-1 for CT Angiography machine, a lacking diagnostic facility.
- Provision of new OPD Block.
- Provision of new Cardiology Block (4TH floor).
- Start the civil work of Paeds ICU
- Provision of clean water supply to whole Institute.
- Installation of two ETT Machines /Holter System.
- 54 Bedded Cardiology Block 4th Floor
- Provision of incinerator (Waste Management)
